WHEREAS, Article 7 of the Kansas Constitution establishes that the state shall care for and support persons with intellectual and developmental disabilities, and;
WHEREAS, the Developmental Disability Reform Act of 1995 and Article 64 of the Kansas Administrative Regulations establishes that services for persons with intellectual and developmental disabilities shall be provided by means of a system of contracts between state of Kansas and county-appointed Community Developmental Disability Organizations (CDDOs), who in turn contract with private service providers, and;
WHEREAS, the current public-private contracting structure provides efficient, effective, and privatized, Medicaid waiver home-and community based service delivery with less than 3% administrative payment to CDDOs, and;
WHEREAS, the State of Kansas plans to transform Medicaid through additional privatization by adding a another system of contracting with three managed care vendors, and;
WHEREAS, the proposed privatization with three managed care vendors calls into question which administrative entity and appeal structure is ultimately responsible for long-term care services and supports for persons with intellectual and developmental disabilities, and;
WHEREAS, the life-long need for long-term services and supports for persons with intellectual and developmental disabilities is not reduced by providing enhanced medical and behavioral health care coordination, health homes, and preventative healthcare, and;

WHEREAS, persons with intellectual and developmental disabilities can benefit from plans to provide enhanced medical/behavioral healthcare coordination, health homes, and preventative healthcare to improve health outcomes, and;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF JACKSON COUNTY COMMISSIONERS THAT;

The Commissioners hereby urge the Governor's administration to:

1. Remove the system of long-term care for individuals with intellectual and developmental disabilities from January 2013 implementation of Medicaid managed care, and;

3. Include intellectual and developmental disabilities in proposed Medicaid managed care plans for integrated medical/behavioral healthcare coordination, health homes, and preventative healthcare to improve health outcomes, and;

4. Reconsider how proposed savings on long-term care for individuals with intellectual and developmental disabilities can be achieved with Medicaid managed care without reducing benefit levels, provider reimbursement, or eligibility, and;
5. Protect vulnerable Kansans by thorough and open vetting of potential managed care vendors for history of Medicaid fraud/ abuse of public funds, customer satisfaction/timely reimbursement for services delivered, and historical performance of improved health and financial savings outcomes.
6. This resolution shall take effect and be in force on and after its adoption.

PASSED and ADOPTED by the Board of Commissioners of Jackson County, Kansas this 23rd day of April, 2012.
